## 6. Evaluation:

Regularity test(s)

- On a closed circuit each driver determines his own speed during the first lap.
- In the following lap(s) the time of the first run should be repeated as closely as possible
- For every 1/10 second deviation there is 1 point penalty; 1 second deviation = 10 penalty points

### Evaluation

- in 5 classes
- The crews with the lowest points will be the winners.

Classes A to H are included into the overall ranking.

The event also takes place in cooperation with the old timer museum HISTORAMA in Ferlach. HISTORAMA performs the old timer festival "Nostalgie Total" that day.

Not only the friends of commercial old-timers and vintage cars will be pleased but also friends of nostalgic rail vehicles like steam locomotives, trams as well as friends of the all kinds of historical passenger transport on the road!

- A meeting for classic cars of all types, including a small competition named CARnica Trophy (not identic with the "sms-CLASSIC-SPRINT").
- A steam train leaves the railway station Weizelsdorf at 11:00 am together with an old timer convoy running in parallel. Visitors arriving with their own vintage car are welcome to join this convoy.
- Three steam locomotives will be operated.
- Three trams will serve between the railway station Ferlach and the HISTORAMA. One of them will be the only existing steam tram in Austria.
- Carinthia's only historical steam road roller can be seen in operation.
- Rare historic vehicles e.g. „the rolling post office“ can be seen.

A Shuttle bus with historical buses is offered between the HISTORAMA and the tradicional "Poha a Festival" at the Gaston Glock park in Ferlach

Food and beverages will be available.

The company sms (Schadens Management Service) invites all friends of historical automobile and friends of their company to a cozy afternoon on their company premises in

**Ebenthal, Industriegelände, sms-Straße 1**  
**Sunday, 26<sup>th</sup> of August 2018, starting approx. 1 pm**  
**We wish you lots of fun!**
